TAYLORS FALLS, MINN

WE ARE CLOSING OUT our interests at this point in view of merging our business with another concern where we can handle our growing trade to better advantage. It has been the height of our ambition for the past 20 years to supply

STOCK THAT WILL GROW AND PLEASE AT THE RIGHT PRICES.

Notwithstanding the greatly increased cost of production and delivery our prices for the coming season will remain practically the same as in our latest "Closing Out" Catalogue. If you do not have one, a copy will be mailed to you promptly on request.

Our loss in that respect will be your gain, and as prices were never lower for good nursery stock, it will be to your advantage to ORDER AT ONCE anything desired for contemplated plantings or improvements. We cheerfully book orders now, without deposit, for settlement at shipping time.

EARLY ORDERS HELP US TO GIVE YOU BETTER SERVICE.

As by knowing what to expect we can reserve much stock for our retail trade which would otherwise be turned off to dealers who do not grow what they sell. It also allows us time to systematize our work so as to save much time and labor in the digging and handling of stock. IT HELPS YOU by insuring earlier shipment and the best of stock, both of which are of utmost importance in securing a good stand of any class of nursery stock.

ORDERS BOOKED AFTER APRIL 1st 10% ADDITIONAL.

SEND US A LIST OF YOUR NEEDS NOW. If we can be of further assistance we will cheerfully reply to the best of our ability any time before the rush of the season begins. Kindly bear in mind that we have thousands of other patrons whose orders must go forward as soon as the season opens and hence it is impossible to reply to any except absolutely necessary inquiries at that time. Large and small orders alike will have our customary painstaking attention to details and we feel confident that

OUR PRICES, QUALITY OF STOCK AND METHODS WILL COMMEND THEMSELVES.

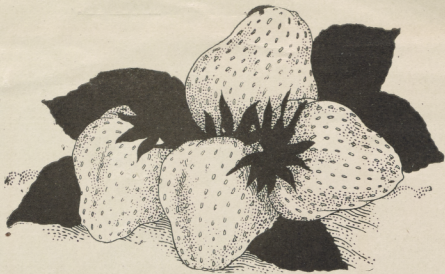

Yours Truly,

G. W. Strand
